

Mystery Trip

**Bowling Green
Area**

Convention & Visitors Bureau

In case you haven't heard, there's a mystery waiting in Bowling Green, Kentucky for you. Your group will be bowled over and pleasantly surprised at the mysteriously good time you will have on a Mystery Tour to Bowling Green.

After arriving in our city, go behind the scenes of a dairy farm. After leaving Kentucky's rural life, take a boat ride through a cave that dates back over 10,000 years.

Then during your lunch, listen to Kentucky's resident "ghost expert." After lunch we'll take a little trip to Adolphus, Kentucky and meet a master candle maker. Before the evening is over, we'll show you a foot stompin', hand clappin' good time.

On day two we'll take you backstage and "down under." The day begins with a performance at Kentucky's professional festival theatre. After curtain call, you'll go backstage, have lunch and chat with the actors, then you're off to romp with kangaroos.. The evening's festivities are truly "tacky." It's your chance to act like a kid again!

Day three begins with an introduction to America's favorite sports car at a world class museum, then visit the plant to witness the car's step-by-step production. For lunch you'll enjoy one of Bowling Green's popular eateries and learn about our city's most famous citizen, the man behind the cake mix, Duncan Hines. Before departing for home we'll climb aboard the Duncan Hines Dining Car, then check out the place called he home.
